## Message from the President

Circle in the Square started 35 years ago. A group of artists had an idea, and it's been a reality ever since. In 1984, I was working technical support, taking phones calls all day for a medical software company. I sewed a lot of my own clothes, but did not learn to quilt for a few more years.

What were you doing 35 years ago? Michael Jackson performed the moonwalk for the first time. Apple introduced their very first Macintosh computer. The Karate Kid hit the theaters, along with Gremlins and Ghostbusters.

Our September meeting will be a fun night to share stories, great food, and celebrate our amazing group of quilt artists.

By the way, there was also a little musical on Broadway called *Quilters* in 1984. It's true. It's on the Internet.

Take care and see you at the September meeting!

Gwen
